J. Quinn, United States commissioner of agriculture, addressed the convention on the subject of pleuro-pneumonia. He detailed the measures taken by him to stamp out the disease. From June 1 to October 1 of the present year the inspectors of the Bureau of Animal Industry had examined 12,635 herds containing 4,068 head of cattle. Of these 478 herds, and 1,600 head of cattle, were found to be diseased. This did not include the Chicago quarantine. Continuing he said: "A pleuro-pneumonia of the lungs has been the most deadly of the disease. For years it has existed in Maryland and defied all attempts to exterminate it. The cities of New York, New Jersey and Pennsylvania have for years and years been plague spots where the disease has spread to other parts of the country. In Maryland we now have things under control.

The report was concurred in.

On the recommendation of Ald. C. G. McLean, of the judiciary committee, the bond of John Martin & Co., contractors for laying the West Milwaukee street pavement, was accepted and placed on file.

Ald. J. B. McLean, of the fire department committee, stated that the "Holding Pole" at the east side engine house had been received and was now in position ready for use.

On the recommendation of Ald. C. G. McLean, the claim of Patrick Stead, of \$9.00, for work performed by him in the court house park, was referred to the park committee.

Ald. J. B. McLean called up the matter of replanking the railway crossings in the city, and inquired of the city attorney if the company had done anything towards improving the crossings as requested by the council, he particularly mentioned Gold street crossing.

City Attorney Pierce replied that the company had complied with the request so far as the Jackson and Pleasant street crossings were concerned; that he had written the St. Paul company regarding Gold street, but had not had time for a reply.

Ald. J. B. McLean remarked that there was considerable work to be done on Gold street before winter closed in; the matter of repairing these crossings was important, and suggested that the necessary steps be taken to have the crossings planked.

Ald. Thorngood moved that the street commissioner be authorized to plank between the tracks on Gold street, and that the city attorney take the necessary steps to collect the pay for the same from the railroad company. Adopted.

Ald. Carpenter presented the following orders, which were adopted unanimously, JAMESVILLE, Wis., Oct. 13, 1897.

Ordered, by the mayor and common council, that the following additions to the original pipe line adopted by the common council November 19th, 1895, diagram marked "A," bearing date August 23d, 1895, as follows:

From Center avenue, on Galena street to Jefferson street; on Jefferson street from Galena to North street; on North street from Jefferson street to Center avenue; on Franklin street from Center street to Holmes street; on Holmes street from Franklin street to Jackson street. The above being 2,128 feet.

That the same be and is hereby concurred in, having been authorized by the council committee as part of the thirteen (13) miles under the Turner, Clarke & Rawson contract.

JAMESVILLE, Wis., Oct. 13, 1897.

Ordered, by the mayor and common council, that the following hydrants in addition to those shown on diagram marked "A," bearing date August 23, 1895, and adopted by the common council, as follows:

One corner alley and West Milwaukee street, near post office; two on Jackson street; one between Milwaukee and Wall streets; one between Milwaukee and Dodge streets, live on Madison street, one on North street, one on Jefferson street, one on Academy street, two on Franklin street, two on River street, two on North street, one on Holmes street, two on Center street, three on Main street, three on Caroline street, four on Montgomery street, one on Park street. That the same be and is hereby concurred in having been authorized by the council committee, and makes one hundred and seventy-four of the one hundred and eighty (180) hydrants under Turner, Clarke & Rawson contract.

Ald. Thorngood introduced an ordinance entitled "An ordinance to amend an ordinance entitled an ordinance relative to the sealing of weights and measures, and numbered 'eighty-six.' This ordinance is to fix the fee and establish the authority of the city sealer, providing penalties for non-compliance with the provisions. The ordinance was read the first and second times, the rules suspended and the ordinance passed by a unanimous vote.

The city attorney presented an order, which was passed, directing the removal of certain obstruction on North Bluff street, adjacent to the property of F. S. Eldred.

City Attorney Pierce presented an ordinance amending the franchise of the Janesville Street Railway Co., allowing the company to place their cars on runners during the eleventh season. The ordinance was read the first and second times. There was some opposition shown to a hurried passage of this ordinance and it went over under the rules.

Ald. Smith, for a gas lamp on the corner of Mineral Point avenue and the corner street. Adopted.

Ald. C. G. McLean stated that several parties in this city were wholesaling and bottling beer without a license, that Messrs. Gray & Co., who had paid a license, felt aggrieved, and on his suggestion, a representative of that firm was heard by the council.

Mr. James A. Toole, of the firm of Gray & Co., was permitted to address the council on the matter. He stated that they had paid a wholesale license of \$200, and that other parties, who were paying no license, had made a reduction of twenty-five cents on a case of beer, which they were unable to compete with, from the fact that they paid a license. Gray & Co. live here, pay taxes and spend their money here, and they wanted to be protected.
